

# CT-SCDUO (Tripod Duo Scrim)

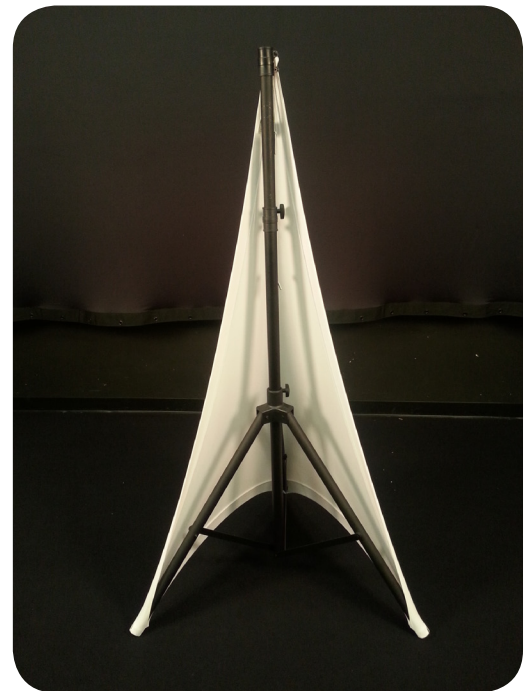

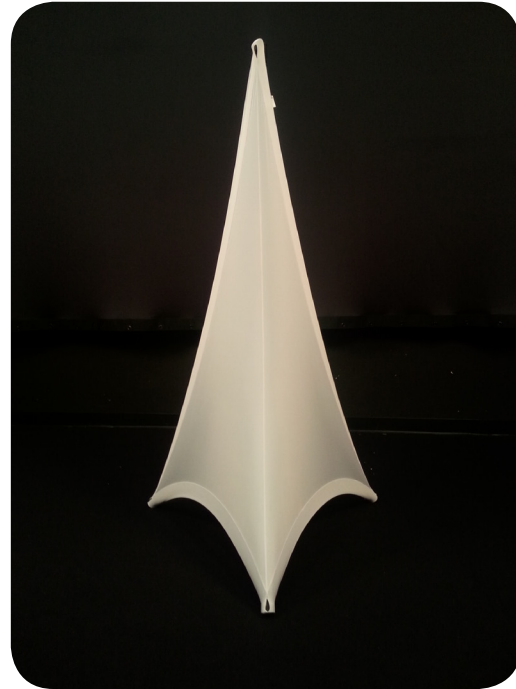

## FEATURES

- Fabric scrim designed to fit most lighting and audio tripod stands
- Scrim masks two sides of a tripod stand leaving the rear accessible to cables
- Scrim is made of strong Inherently Flame Resistant (IFR) stretch fabric for long term durability
- Can be washed without needing to be retreated with a fire retardant chemical
- All seams are double stitched for extra strength
- Additional reinforcements are sewn into attachment points for extra durability
- Convenient carry bag included helps make transportation a breeze
